Translator's Notes

> If you noticed, the monsters called the Gwangcheol "Gwangcheol-nim" throughout the rest of Shaman Girl, he'll be called both Gwangcheol and Gwangcheol at times. It might be a bit confusing, but think of Gwangcheol as the name of his species and his name and Gwangcheol as just a shortened version of his name.

> Fun Fact \(^-^)/
미꾸라지 (*mggulaji*) Chinese muddy loach
Azure Crane is actually calling Gwangcheol a **muddy loach-like person**. The term refers to someone who is evasive or untrustworthy, almost identical how we sometimes use eel to describe a person.
